Nucleus is a gathering place for the art-loving community. It wishes to spark innovation and awareness of the current artistic culture and movement. Our manifesto is to inspire new ideas, gain exposure, create relationships, and obtain interesting products. Our purpose is to support and promote upcoming artists that have a clear dedication and quality to their craft. Through our gallery space, retail space, and products, we act as a platform to help people excel in their goals as an artist and expose them to the general public and art collectors alike. Nucleus carries a variety of art books, zines, underground comics, collectibles, and a healthy selection of artist-designed products. Located in Alhambra, California, we cater to a much wider and general demographic of people, not limiting ourselves to just collectors or art districts, but truly appealing to the general public.
