

The background of the poster is a large, textured painting. It depicts a dark, scaly dragon with a long, spiky tail. A human figure with long, flowing red hair is hanging from the dragon's tail, arms outstretched. The dragon's head is visible on the right side, with its mouth slightly open, showing small teeth. The overall color palette is muted, with greens, browns, and greys, giving it a classic, painterly feel.

Gallery Nucleus Presents

BREATH OF EMBERS

October 8, 2011 – October 31, 2011

Opening Reception: Saturday October 8, 2011 (7 pm – 11 pm)

Among all mythical creatures, none have managed to continually captivate us like the fire-spewing reptilian beast, revered in all of mysticism as the dragon. A cultural phenomenon, the dragon is rooted in folklores across the globe, having been identified in both Eastern and European legends. The dragon's physical appearance is an amalgamation of humanity's fear of the wild, its body sharing qualities akin to snakes, bats, and wildcats. Of course, the dragon has, through the annals of history, evolved far beyond an icon of fear, having integrated itself into popular culture as a creature of no simplified black-and-white distinction.

Gallery Nucleus presents an impressive collection of original artwork depicting this iconic creature. This two-level exhibit will showcase a wide spectrum of interpretations in a variety of mediums. Alongside the art work, the gallery will also feature a fire-eating and breathing performance by Red Swan Entertainment. Free drinks and refreshments provided by Kirin.

Since October of 2004, Nucleus has strived to be a welcoming gathering place for the art-loving community by offering quality art, art-related goods, and rarities. Focusing primarily on gallery exhibits, we have also held benefit auctions, product signings, music events, and artist lectures.

After three and a half years, we moved one block east to a much larger and more dynamic space. Still in the heart of quaint downtown Alhambra, we re-opened in March of 2008 with over 2,000 square feet of open gallery space, 1,000 square feet of shop/boutique, and over 3,000 square feet of studio/production space.

Having exhibited both local artists and artists from abroad, and catering to an international customer base, we offer an extensive collection of original contemporary, illustrated, graphic, commercial, and narrative art. (All of which are carefully cataloged online on our website.)

Always open to the public, we welcome art collectors and the general public alike to visit us seven days a week.
